Optimize your outdoor maintenance

One machine - 19 functions

Its compact dimensions and good manoeuvrability make the Park Ranger 2150 ideal for maintaining all outdoor areas. The wide range of attachments and the ability to quickly replace them enables the user to handle a wide range of outdoor maintenance tasks. Be it sweeping, mowing, weed control, winter tasks or other special tasks, thanks to its diversity, the Park Ranger 2150 handles it convincingly. All attachments are designed to deliver optimum performance and switching to another attachment takes less than four minutes - without the need for tools or heavy lifting.

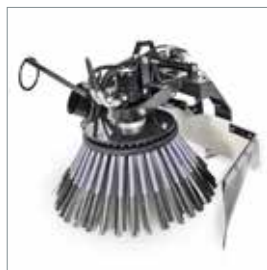

Find more information on the Park Ranger 2150 and its applications at www.egholm.eu.

Change of attachments - no tools required.
