# Optimize your outdoor maintenance

## One machine - 19 functions

Its compact dimensions and good manoeuvrability make the Park Ranger 2155/2155e ideal for maintaining all outdoor areas. The wide range of attachments and the ability to quickly replace them enables the user to handle a wide range of outdoor maintenance tasks. Be it sweeping, mowing, weed control, winter tasks or other special tasks, thanks to its diversity, the Park Ranger 2155/2155e handles it convincingly. All attachments are designed to deliver optimum performance and switching to another attachment takes less than four minutes - without the need for tools or heavy lifting.

Find more information on the Park Ranger 2155/2155e and its applications at [www.egholm.eu](http://www.egholm.eu).
