

**New****EGHOLM**

# Grass collector

## - City Ranger 3070

(in combination with rotary mower 1500 for grass collection)

### Standard equipment:

**Hydraulic tipping function with high emptying**

The container (1000 litre) is emptied hydraulically via the joystick. The container lid opens automatically when tipped. The large tipping angle ensures optimal emptying. The tipping height is approximately 1900 mm. This allows for easy unloading even into tall containers or vehicles.

**Safety device**

A switch automatically switches off the mower and suction turbine when the container is tilted.

**Stand**

The supplied stand allows for simple and quick attaching and removal of the hopper - no tools required. The stand is also used for storing the hopper when not in use.

**Suction turbine with shear cutting edge**

Powerful and quiet suction turbine. The replaceable blade located at the turbine outlet shreds coarse material.

**Turbine housing**

Replaceable wear plates in the turbine housing for a long service life.

**Frame**

Sturdy and robust frame construction.

**Surface treatment**

Powder-coated surfaces for long-lasting durability.

**Air extraction**

Large separator plate in the container lid for optimal air extraction. The separation area is 1.3 m<sup>2</sup>.

**Suction distance**

Thanks to the vehicle's integrated central suction system, the suction distance is short.

**To be used in combination with rotary mower 1500 for grass collection - see separate datasheet.**

### Technical specifications

**Dimensions**

Length (with mower 1500)	mm	4570
Width (with mower 1500)	mm	1582
Height / with beacon	mm	2000 / 2100

**Storage dimensions**

Length with stand	mm	2200
Width with stand	mm	1250
Height with stand	mm	2160

**Weights**

Weight <sup>1)</sup>	kg	2450
Payload	kg	550
Weight (grass collector)	kg	410
Weight (stand)	kg	87

**Hopper (grass collector)**

Hopper volume	l	1000
Hopper load, max.	kg	550
Tipping height, min.-max.	mm	1930-3600

**Performance**

Separation area	m <sup>2</sup>	1,3
Air flow	m <sup>3</sup> /h	5500
Air speed	km/h	230
Operating speed	km/h	2-6

**Noise emissions**

Sound power level LwA (2000/14/EC and DIN EN ISO 3744)	dB(A)	N/A
--	-------	-----

**CE certified according to EU directive**

<sup>1)</sup> Includes: grass collector, mower 1500, 75 kg operator and 90% fuel capacity.
